

## WEEK 3 ASSIGNMENT

**Submission Deadline:** Kindly upload reports to your dashboard on or before Thursday, May 15th, 2025.

**Title:** Attack Surface Monitoring (Vulnerability Assessment)

**Objective:** The purpose of this assignment is to assess the critical understanding of recent cyberattacks, their methods, impacts, and remediation strategies across various industries.

### Instructions:

1. Identify the top three vulnerability management platforms available today based on reviews from: ❖  
Gartner
  - ❖ IDC
  - ❖ Forrester
2. Use Qualys Cloud Platform to conduct a vulnerability scan on any five (5) assets selected by your group from [Bug Crowd](#). *(Credentials for accessing Qualys dashboard can be found in your LMS group community.)*

### Formatting Guidelines:

- List the names of all group members on the document for easy identification.
- Use a PDF merger tool to combine sections 1 and 2 into a single document before submission.
- File format: Submit the assignment as a PDF document.
- Rename the document with your full name (e.g Shatta Wale.Pdf) also put your name in the first page of the assignment.

**Note:** Late submissions will incur a penalty and will be graded at 50% of the total score.

If you have any questions, reach out to [chikodiliu@hacktales.com.ng](mailto:chikodiliu@hacktales.com.ng) before the deadline.
